Every Time I Hear That Song

Brandi Carlile

G

G / **C** /
A love song was playing on the radio.

G / **D** **G**
It made me kind of sad because it made me think of you.

G / **C** /
And I wonder how you're doing but I wish I didn't care

G / **D** **G** /
Because I gave you all I had and got the worst of you.

Em / / /
Chorus By the way, I forgive you.

C / / /
After all, maybe I should thank you

G /
For giving me what I've found

/ /
'Cause without you around

D /
I've been doing just fine

/ / **G** / /
Except for any time I hear that song.

/ **Em** / **D** /
(Ooh ooh ooh)

G / **C** /
Didn't it break your heart when you watched my smile fading?

G /
Did it ever cross your mind that one day

D **G**
the tables would be turned?

G / **C** /
They told me the best revenge would be a life well lived

G / **D** **G** /
And the strongest one that holds would be the hardest one to earn

Chorus

D / **G** / / / **Em** / **D** /
Oh, any time I hear that song. (Ooh ooh ooh)

G / / **C** /
 When I woke up in the morning, I was choking on some words
G /
 There were things unsaid between us,
D **G**
 there were things you never told.
G /
 Now that's twice you broke my heart now,
C /
 the first was way back when.
G / **D** **G** /
 And to know you're still unhappy only makes it break again.

Em / / /
Chorus By the way, I forgive you.
C / / /
 After all, maybe I should thank you
G /
 For giving me what I've found
 / /
 'Cause without you around
D /
 I've been doing just fine
Em / / /
 By the way, I forgive you.
C / / /
 I never will, never will forget you
G /
 For giving me what I've found
 / /
 'Cause without you around
D /
 I've been doing just fine
 / / **G** / /
 Except for any time I hear that song.
 / **Em** / **D**
 (Ooh ooh ooh)
 / **G** / /
 Oh any time I hear that song.
 / **Em** / **D**
 (Ooh ooh ooh)
